JK-58450J-A

Product name: Computerized double needle sewing machine
Features: Straight knife cutting thread, easy to cut

3 One-button restore

1 Electronic thread tension device

4 Stitch length adjustment

2 Automatic conner sewing, split (separate) needle bar

5 USB interface

2 Smart corner, precise corner seam

Using the industry's top software algorithm, software calculation for needle length, corner stitch more beautiful, higher sewing efficiency.
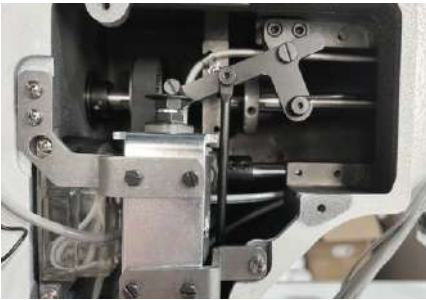

3 Electronic thread tension, more stable seam

Using electronic thread tension technology, combined with the bottom thread clamping technology, the comprehensive stitch lock rate increased to more than 95%.

Other functions

Thick and fine thread through cutting

Built-in presser foot, stable and comfortable

Electronic thread tension makes the stitches more beautiful

Product advantage

细线603   粗线500D

Thick and fine thread through cutting

Cut the thread with a straight knife

1 Cut thread with a straight knife, for both thick and thin thread

Straight knife cutting thread, for both thick and thin thread, high stability and efficiency, strong adaptability, cutting stability increased by 30%

Specification

Model	Function	Needle Number	Application	Large Hook	Needle Distance (mm)	Foot Height (mm)	Max Speed (S.p.m)	Volume (mm)	Weight (kg)
