

JACK

China No.1

Shanghai stock
listed

JK-797TDI-FR09E

Auto Collar Attaching Machine

10h output 1800pcs, increased by 20%

- Automatic shrinkage cloth, easy usage, good sewing performance and high efficiency;
- Cross-bone position auto detection, accurate start sewing point for high quality;
- Auto size change with one key operation, saving adjusting time;
- Big operation space for easy usage

Traditional Process

Uneven feeding

cause wrinkles easily

waste labor and time,
low efficiency

Automatic shrinkage cloth

Automatic Production Process

Even feeding

Good sewing performance

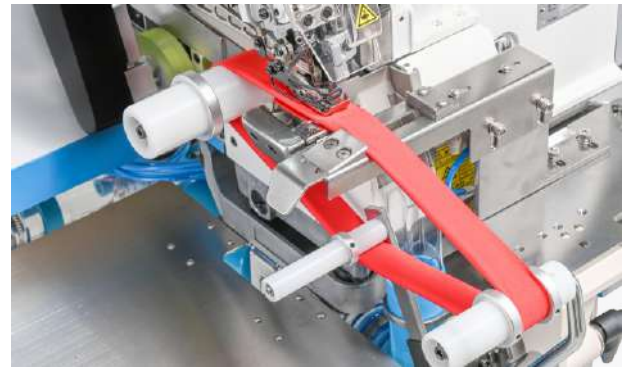

De-skilling, no need of skilled staff
with increased efficiency

10h output 1800pcs,increased

1. Automatic shrinkage cloth, easy usage, good sewing performance and high efficiency

2. Cross-bone position auto detection, accurate start sewing point for high quality

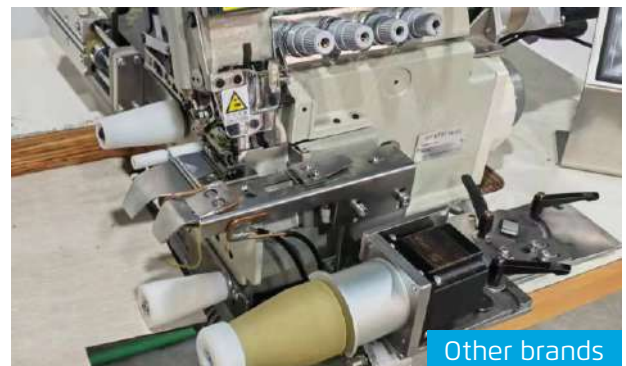

3. Big operation space for easy usage

JK-797TDI-FR09E

Big operation space

PK

Other brands

Small operation space
